Amanda's Favorite Things in May: Where and What to Eat, Drink, Cook & Read Right Now

Cantina Rooftop

'Tis the season... for rooftop bar and restaurant openings! (And Hallelujah, because it's been a long, long winter.) Among my favorite spots to sit, sip, and see the New York skyline is Cantina Rooftop. It's in Hell Kitchen, which makes it perfect for post-Broadway show gatherings, and the food and drinks are fun and festive.
